

From the Principal's Desk

Turning Difficulties into Opportunities...

Late Rev. Vijay L. Manwar
Founder Principal,
Noel School, Akola

It's a human tendency to find new ways in light of problems and difficulties. Difficulties bring with them new opportunities. A sudden change, a sudden halt in the form of COVID-19 was a huge setback for each one of us. This un-foretold event brought havoc in each person's life style and financially disrupted many households. Schools were also hard hit as schools remained closed in the wake of spread of the pandemic and for protection of young ones. Little had anyone idea about the virtual mode of education and same emerged as a great help for teachers and schools to continue imparting education to the students in such difficult times where students could not attend the school. This blended form of education was a first-hand experience of the technological advancements made in the recent years. Had this event occurred a few years back, we had no option but to stay closed. Noel School App, Google Meet, Google Classroom, Learning Management System, etc. have proved very useful for the blended teaching learning process. We ensured to switch to the new arrangement from 15th May, 2020 for Higher Classes and the blended teaching learning process began from then. Teachers also learnt the new apps and operating them

and understanding meticulous functions was a huge challenge especially for teachers who had very basic knowledge of smart phones. Yet our determined teachers and the management quickly shifted to the virtual classrooms and left no stone unturned to explore the possibilities to enable most of the activities performed in a normal session virtually possible. May it be daily teaching, Home assignments, Skill evaluation, tests, exams, competitions or Annual Celebration, almost all activities were conducted with prior planning. In difficult times of COVID-19 the school ensured that not a single child is deprived from getting education. We thank all the parents for being so supportive to school by supervising the students at home and arranging resources as and when required by the students. Without parent's support the virtual education would not have been possible.

This pandemic has turned our teachers into techno-teachers as they are now trained and equipped to handle virtual mode and blended mode of classroom and have learnt many tools and options which otherwise could never be explored. Teachers' contribution can never be underestimated as their sincere efforts and patience have borne fruits and as a result around 95% of the students have been successful in completing the virtual mode of education despite issues of poor connectivity in many areas and other issues. The learning gap was hence minimal due to the arrangements made by the school considering various conditions.

And a very similar aspect has been experienced in the lockdown forcing every individual to explore new avenues, ideas, professions, interests and capabilities which in most of the cases have brought a positive change. Difficulties encountered need to be tackled positively and definitely there always is a ray of hope in situations like these that make man human.

Let's find new opportunities in difficulties and that's the way life goes on...

Mr. Anosh Vijay Manwar

A CARTOON STRIP

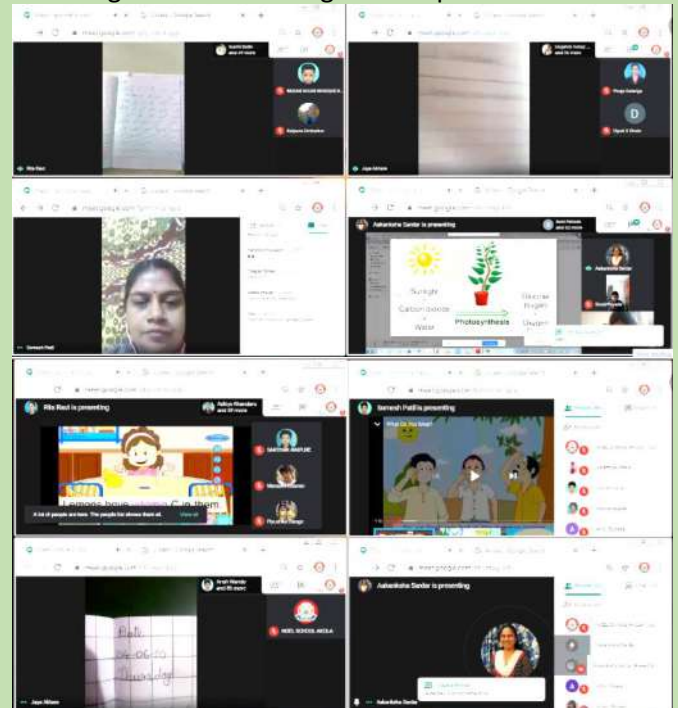

Online Teaching started for Students of NOEL SCHOOL, AKOLA CBSE Class 8 to 10 from 15th of May, 2020.

Teachers started the online classes for the students of Class 8 to 10 through the School's App. Teachers assigned the courses where PDF files of lessons, video links, quiz, mind maps, assignments and other digital resources were sent to the students and students were required to complete the course in online mode and submit the assignments through the school's app itself. Teachers too checked the assignments submitted by students in online manner. Students found the new mode of education very fascinating and enjoyable. Students could complete the course at their pace and stay connected with the school. We also started Online Interactive Classes for the students of Class 8 to 10 where the teachers conducted live lectures and students were present for the first time virtually to attend their school and hear their teachers live. A tentative time-table had been prepared just for this situation and most of the students have attended these classes. The Management and the Staff of Noel School, Akola are committed to deliver the best possible services to the stakeholders of the school. We are sharing some screenshots of the school's app that the students and teachers use for this process.

Online Interactive Classes start for Students of CBSE Class 1 to 7

The students of Noel School, Akola CBSE were present for the Online Interactive Classes which began from 1st of June, 2020. It was very exciting for the teachers, students and parents to use the online platform for attending the regular school. The teachers were trained to use the online tools. The students were also asked to follow the instructions sent to them earlier. Usually the school for Class 1 to 7 begins from 15th June every year, but to help students and teachers become friendly to online platform and to brush up the basic skills, the school arranged the online interactive classes right from 1st of June, 2020. Here the teachers conducted live lectures and students were present for the first time virtually to attend their school and hear their teachers live. A tentative time-table has been prepared just for this situation and most of the students have attended these classes. Also the school has introduced LMS (Learning Management System) for the students of Class 1 to 10 through School's App to enable students and teachers complete their study and assignments according to their pace.

29th School Establishment Day

6th July, 2020, is the 29th Establishment Day of Noel School, Akola and the school has completed 28 years in the field of Education in Akola. The Management and the Staff members extend their hearty wishes to all the stakeholders on the completion of 28 years. We are glad to have wonderful students who have excelled in different fields in their walks of life. We are committed and resolute to give the best of our services to mould the lives of our dynamic children to enhance their holistic, emotional and ethical traits.

With the online presence of the school on YouTube and Facebook platforms, it is a coincidence to have 1000 subscribers completed for the school's official YouTube Channel today. We thank the parents and students to have liked and subscribed the school's channel. Amidst the period of COVID situation, all the stakeholders can definitely stay connected to school through school's app and through online social media platforms.

We are happy to share the result of the Fifth Batch of CBSE Class 10 of Noel School, Akola with you. We have secured 100% result this year. The statistics are as follows :

Students scoring Above 90% :	26 Students (30.95%)
Total Students in the Batch :	84 Students

The Toppers of our School are :

RANK	STUDENT'S NAME	PERCENTAGE
1 st	SAYALI KHEDKAR	98.40 %
2 nd	RUJAL GAWANDE	98.00 %
3 rd	KOMAL PAWAR	97.20 %
4 th	SAKSHI DABERAO	96.40 %
5 th	KARISHMA CHAVHAN	96.20 %

The highest score in English is 99 Marks secured by Miss Sayali Khedkar. The highest score in Hindi is 100 Marks secured by Sayali Khedkar. The highest score in Maths is 100 Marks secured by Sayali Khedkar, Sushil Ingole and Sahil Kukade. The highest score in Science is 99 Marks secured by Shreyas Dikondwar. The highest score in Social Studies is 99 Marks secured by Sanskruti Sawale and Rujal Gawande. Sayali Khedkar, Sakshi Daberao, Kavita Ingole, Devesh Wankhade, Harshal Dhawale, Madhavrao Sonone, Rujal Gawande and Vedant Gaikwad have secured A1 Percentile Grade in all the subjects. In order to achieve this success, our Principal – Mr. Anosh Manwar, our Teachers – Mrs. Rupali Kukade, Mrs. Sunita Raut, Mr. Rakesh Thapa, Mr. Kuldeep Deshmukh and Ms. Akanksha Sardar worked hard.

Independence Day Programme 15th August, 2020

The enthusiasm and patriotic fervour knew no bounds even amidst Covid-19 situation as the Students, Teachers and Management Members celebrated the 74th Independence Day in the school virtually as well as physically too with the students present at their homes. It was the very first time to witness such a situation where the Flag Hoisting needed to be telecast live through YouTube and Facebook and students, teachers and parents attended the programme virtually. The Co-Founder of the School, Mrs. Surekha Manwar Madam hoisted the National flag followed by few stage performances of the teachers on this occasion. Though the situation did not allow a physical gathering but the fervour of Independence Day persisted as usual. Later students' performances were live streamed on school's YouTube Channel using OBS Studio software.

Teacher's Day Celebration 2020

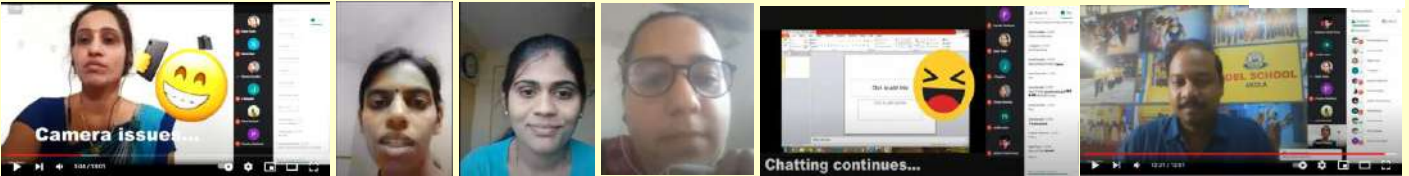

Teachers, the pillars of Education System, are most revered by student fraternity. Teacher's Day is the right occasion to acknowledge what teachers as a guide, philosopher, mentor and friend have contributed to the lives of the students. Teachers are the source of knowledge as they guide the students to find their own ways and so have teachers expressed their thoughts for our very dynamic students on this occasion. A funny compilation of change over to online platform of schooling was also presented by teachers. Students also extended their wishes and love towards teachers through their presentations. Teachers were also equally enthusiastic to present a few performances to celebrate their day.

Children's Day Celebration 2020

Every child is a different kind of flower and altogether make this world a beautiful garden. This anonymous quote suits perfect for each wonderful child present on the Earth. Yet Mr. Nobody or Miss Naughty of every home and the apple of every parent's eye are our dear Children !! The celebration is on and the teachers planned programme for the children. We all teachers miss the children. The laughter, fun and activities have been missing from the beginning of the session due to Covid-19 Lockdown. Nevertheless teachers wished the children as they prepared posters on Children's Day and also presented a few performances for their dear students whom they miss so much.

School Reopens for Class 9 and Class 10 Students

After Covid-19 lockdown, there was gradual normalcy in different sectors and so has the Maharashtra Government took a step to start the School for Class 9 to 12 with all due precautions after issuing the SOP and attempt to bring normalcy in Education field. Noel School, Akola also took all the necessary precautions and completed sanitation of the classrooms and other important areas and the Management and Staff members welcomed the students on 23rd November, 2020. The Parents gave their consent to send their wards to school and such students joined the school. The Management and Teachers were happy to welcome the students and encourage the parents to take their call and send their wards to school after looking into the facts and current scenario. The classes functioned in the physical form along with simultaneous Online Classes for the students opting not to join the school then.

Republic Day Celebration – 2021

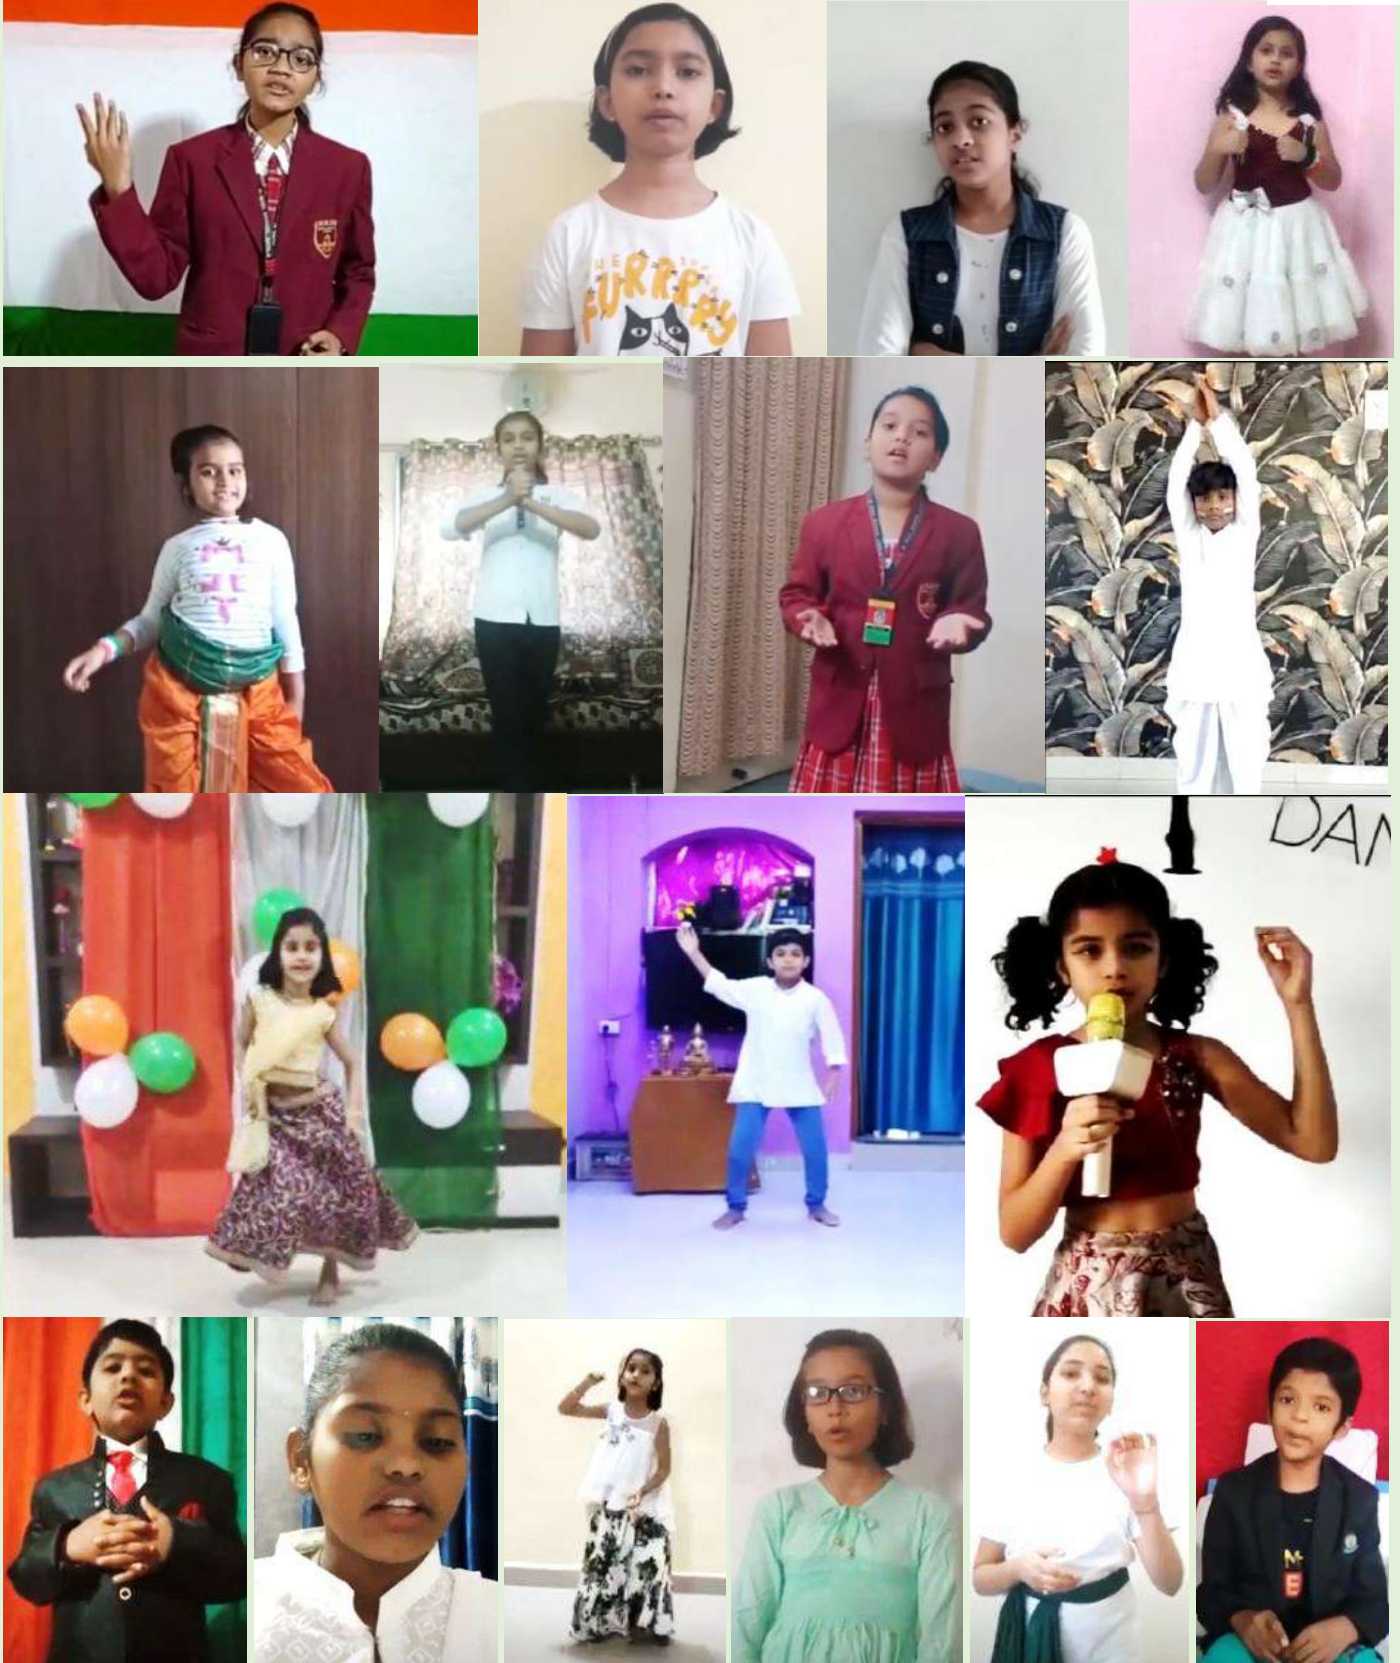

The 72nd Republic Day was celebrated with zeal and enthusiasm to celebrate the spirit and ethos of Indian Republic. The flag hoisting was done by the Co-Founder of Noel School, Akola, Mrs. Surekha Manwar Madam. Students presented vibrant and enthusiastic performances and speeches on the occasion. A video compilation of these performances was released on school's YouTube Channel. <https://www.youtube.com/watch?v=B-YIdEEi0s>

विद्यार्थी विज्ञान मंचच्या शिबिरात पराग चिमणकर करणार महाराष्ट्राचे नेतृत्व

प्रतिनिधी | अकोला

भारत सरकारच्या नव्या शैक्षणिक धोरणानुसार घेण्यात आलेल्या विद्यार्थी विज्ञान मंच (व्हीव्हीएम)

च्या राज्यस्तरीय शिबिरात आवोजित परीक्षेत अकोल्यातील नोएल

इंग्लिश स्कूलचा इयत्ता दहावीचा विद्यार्थी पराग महादेव चिमणकर याने राज्यातून द्वितीय क्रमांक पटकावला असून, त्याची निवड

राष्ट्रीय शिबिरासाठी झाली. राष्ट्रीय स्तरावर तो आता महाराष्ट्र राज्याचे प्रतिनिधित्व करणार आहे. विज्ञान भारती, राष्ट्रीय विज्ञान प्रसार आणि एनसीईआरटी यांच्यामार्फत २४ फेब्रुवारी २०२१ रोजी राज्यस्तरीय परीक्षा घेतली. राष्ट्रीय विज्ञान दिन ३ मार्चला परीक्षेचा ऑनलाईन निकाल घोषित करण्यात आला. यामध्ये कोठारी वाटिका क्र.४, अकोला येथील पराग महादेव चिमणकर या विद्यार्थ्याने घवघवीत यश संपादन केले. त्याने महाराष्ट्रातून द्वितीय क्रमांक पटकावला असून, राष्ट्रीय स्तरावर तो महाराष्ट्राचे प्रतिनिधित्व

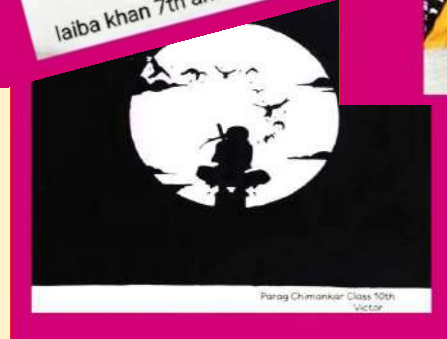

करणार आहे. प्रथम त्याची जिल्हास्तरावर निवड होऊन त्याने राज्यस्तरीय शिबिर ऑनलाईन पूर्ण केले. यारहाटी आवश्यक साहित्य डाऊनलोड करून अभ्यास केला. त्याचा मोठा भाऊ हर्षल चिमणकर सचवीही त्याला अभ्यासात मदत मिळाली. त्यांनी ऑनलाईनपेक्षा शिबिरावर भर दिले. ऑनलाईन पद्धतीत अनुभव कमी मिळतो. परिश्रमाचा फायदाच अनुभव जास्त प्रभावित व लक्षात राहण्यासारखा असतो, असे पराग चिमणकरने मुलाखतीत सांगितले. परागच्या यशाबद्दल त्याचे कौतुक होत आहे.

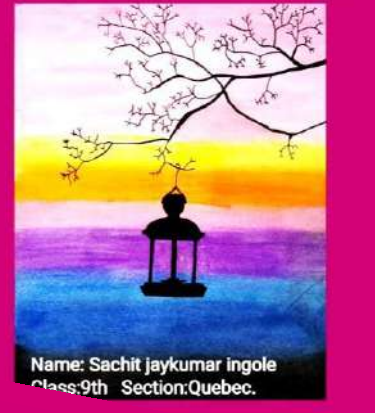

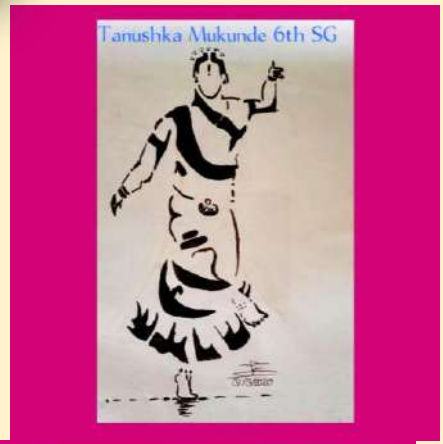

Virtual Art Exhibition Class 5 to 10 <https://www.youtube.com/watch?v=Mr4zr TGptE>

Class 1 to 4 <https://www.youtube.com/watch?v=1kuFfLTxL5g>

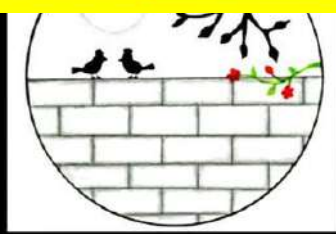

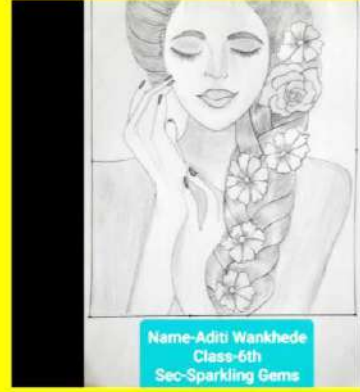

The school organises Art Exhibition every year. This year it's organised virtually due to Covid-19 constraints. Students and Teachers presented their Art pieces in this virtual exhibition. The lockdown gave opportunities to students to create artistic creations using their imagination and mediums of colours. We encourage each and every child to take up art activities and integrate the same in every work they try to do as it boosts imagination and creative approach for any work.

Virtual Science Exhibition

The blooming scientists of Noel School, Akola presented a virtual science exhibition this year based on class wise topics given to them earlier. The students prepared their models and submitted a video presentation to the teachers and a few of those presentations have been included in the class wise video compilation on school's YouTube Channel. We thank parents who have played a pivotal role to make the resources available from time to time for all the different virtual events organised by school. The scientific temperament needs to get a regular boost by engaging the child in activity based learning. And science projects are also a perfect way to make the child think and work aligning his interests and quest for knowledge arising out of inquisitive nature of the activity.

Virtual Annual Celebration 2020-2021

The Theme for the Virtual Annual celebration 2020-2021 is 'Mic Camera Action', a presentation of dramas and skits only. Each year students took great interest in dances and dramas for the Annual Celebration. But this year we were compelled to stay at our homes and yet did not want to miss the fun. So it was a golden opportunity to develop oratory skills and presentation skills in students as they prepared themselves for this year's Annual Celebration theme where it was decided to have only dramas. The Teachers and Students geared up for this event as the practice also took place

virtually. We are very happy to see the talent and performance of the students as they showcased dramas and stories, which turned out to be wonderful acts as Teachers and Students taking up the role of director, editor, script writer, dialogue writer, prop and creative designers and so on. The Social Media has now made it possible for any person to view the video as the videos can now be shared by students, teachers and parents. It was altogether a different experience for all of us on the virtual platform making each and every one explore the hidden potential amongst them.

Unveiling of Biographical Book – Abhalmaya Date : 08-04-2021

It's not about how much you do, but how much love you put into what you do that counts.
– Mother Teresa

This statement fits perfect for our role model and ideal, Noel School's Founder, Late Rev. Vijay Lawrence Manwar Sir who was an epitome of Love and Compassion for all and especially his love for children and his unique trait to forget everything and assume a role of a child when amongst children can never be forgotten. His singing and dancing for the kids and his – 'Hello Everyone !' still resounds in our hearts as we remember his gestures of warm welcome and hand shake at the school's gate and his kisses of kids irrespective of their nature is something magical and unprecedented character which one will think only exists in fictional work. But we are proud to have Rev. Vijay Manwar Sir as the Founder of Noel School, Akola who was a great philanthropist and known for his Coaching Class – NIPPLE Classes for English and later also for Noel School, Akola. It was a great opportunity to prepare a biography on his life depicting his struggle and journey for the welfare of the society that can keep any reader spellbound and awestruck. It was an initiative taken by a parent of school's students, Dr. Rupali Sawale, who heard much about Rev. Vijay Manwar Sir but had never met him since they got their children's admission sometime after the demise of Sir. But Dr. Rupali Sawale and her husband Dr. Sachin Sawale were so inspired and committed to undertake the task that they voluntarily approached

Manwar Family and extended the proposal to prepare a biography on the life of Rev. Vijay Manwar Sir. After about 4 months of work, the biography of Rev. Vijay Manwar Sir was released with the Title – Abhalmaya – आभाळमाया meaning Colossal Love. It depicts major events from the life journey of Rev. Vijay Manwar Sir.

The Biographical sketch – Abhalmaya was released on the 72nd Birth Anniversary of Rev. Vijay Manwar Sir on 8th April, 2021 at Trinity Hall, Noel School, Akola. The Chief Guests were Mrs. Surekha Vijay Manwar Madam and Adv. Mukund Jalnekar Sir. Amongst special invitees were Marathi Litterateur Dr. J.P. Khodke Sir and Professor Nilesh Pagdune Sir. The ceremonial Granth Dindi was ushered by the students and the biography - Abhalmaya was unveiled and released at the hands of all the dignitaries present at the programme. Mrs. Chhaya Sawarkar and Mrs. Asha Gawande hosted the programme.

See Event Highlights : <https://youtu.be/gDmGX-TVK9s>

Unveiling of Biographical Book – Abhalmaya

आभाळमाया : प्रेरणादायी जीवन प्रवास

अकोल्यातील बॅंविहीटी प्रकाशनाने नुकतेच प्रकाशित केलेले पुस्तक म्हणजे आभाळमाया. लेखिका डॉ. सौ. रूपाली सावळे यांनी विजय मनवर सर यांची जीवनयात्रा या पुस्तकात मांडली आहे. अकोल्यातील प्रसिद्ध नोएल स्कूलचे संचालक विजय मनवर सर यांनी शाळेचा पाया रचून जी उंच इमारत उभी केली त्यामागील कष्टाचा आढावा लेखिकेने या पुस्तकात घेतला आहे. पुस्तकाला प्रभाताई बाळसराफ यांची प्रस्तावना लाभली. प्राचार्या अर्पणा डोंगरे यांचे मनोगत पुस्तकात अंतर्भूत आहे. मांडणीच्या दृष्टिकोनातून लेखिकेने पुस्तकाचे १५ भागात विभाजन केले, जागोजागी रंगीत आणि कृष्णधवल फोटो आणि सुंदर मुखपृष्ठाने पुस्तक आकर्षित झाले आहे. विजय मनवर सर हे मूळचे देवळी, जि. वर्धा येथील रहिवासी. त्यांचे अकोल्यात सपत्नीक आगमन झाले. सर्वप्रथम त्यांनी येथे निष्पल इंग्लिश स्पिकिंग क्लासेसची एका छोट्या जागेमध्ये सुरुवात केली. विद्यार्थी वाढत गेल्यावर क्लासच्या विविध बॅच तयार केल्या. मनवर सर यांचे इंग्रजीवर प्रभुत्व होते. ग्रामर शिकविण्यात त्यांचा हातखंडा होता. पालकांच्या ही बाब लक्षात येताच हळूहळू त्यांच्या क्लासची विद्यार्थी संख्या वाढू लागली. मग सरांनी क्लाससाठी शिक्षकांची भरती करून त्यांना प्रशिक्षण दिले. कालांतराने जनतेची मागणी लक्षात घेता नोएल स्कूलची स्थापना करण्यात आली. जागा अपुरी पडू लागल्यावर कौलखेड परिसरात स्कूलसाठी जागेची खरेदी करून तेथे संस्थेची सुंदर आणि भव्य इमारत उभारली. सुमारे १२५ शिक्षकांचा स्टाफ तेथे विद्यार्थ्यांचे भवितव्य घडवत आहे. दरवर्षी संस्थेचा उत्कृष्ट निकाल लागतो. विजय मनवर सरांच्या अकस्मात जाण्यानंतर त्यांची मुले अनोश व अनुल आणि मुलगी अर्पणा या संस्थेचा कारभार पाहत आहे. संघर्षाच्या काळात विजय मनवरांना पत्नी सुरेखाताई यांची समर्थ साथ लाभली. शाळेची वेळ होताच गेटवर जाऊन विद्यार्थ्यांचे स्वागत करणारा एकमेव प्राचार्य तथा संस्थाचालक म्हणून सरांची ओळख होती. गायन, नृत्य, भाषण यांची त्यांना विशेष आवड. मनमिळाऊ स्वभाव, तगडा जनसंपर्क यामुळे ते अकोला आणि परिसरात ख्यातीप्राप्त होते. आज नोएल स्कूलचे विद्यार्थी देशविदेशात महत्त्वाच्या पदांवर विराजमान आहेत. त्यापैकी काहींचे मनोगत पुस्तकात समाविष्ट केले. सोबतच काही मान्यवरांचे शुभेच्छा संदेशही आहेत.

Online classes... a step towards success

"The biggest adventure you can take is to live the life of your dreams."

Like this quote online classes was a dream, we used to think that in future we will be teaching online and instead of books, students will carry mobile phones and laptops for learning. While explaining the importance of a teacher (a part given in the book), I was telling to my students, it might be possible that you will learn all the things online, we can get all the required resources online to learn any new thing. And very easily we can learn anything but then also schools and teachers will not lose their importance in the students' life because online resources may give us knowledge but teacher shares her/his experience along with knowledge with the students.

Online classes was a new concept for us and I was not so confident when I heard that we are going to conduct online classes. Then I thought, it's a beautiful chance to learn new technologies, and yes, we have learnt many things during this period. Obviously many problems were there but we overcame the problems and step by step we moved forward and achieved the goal. Eventually we completed the Session 2020-2021 successfully. Parents' satisfaction and acknowledgement in the form of appreciation was the real reward for us.

-Mrs. Madhavi Pande
(Class Teacher of Grade 7)

Importance of Reading in the student's Life

Reading makes the base for any individual's success. Reading plays an important role in student's academic achievements. But in this hectic schedule, where we don't have time to have even our breakfast, it is not surprising that we have forgotten the importance of reading books. We have also missed out the importance of reading in our student life. Something that we can do for our students is to create the environment where the students get the importance and value of reading.

Due to the growing technology, value of reading is decreasing day by day. Children are too busy with their computer games and television, whereas adults are glued to their computer screen or mobile too. Reading is not limited till its syllabus of school. There are many books like short stories, novel, drama, poetry, newspapers, magazines, informative books etc. Children should read at least 1 or 2 pages daily. It will develop interest in reading. Once a child begins to enjoy reading, this will become a habit for lifetime. But a good book is the one that makes one think straight after the last page has been read.

Students who are good readers can understand the real importance of reading in their lives. It will increase their vocabulary skills, knowledge, reading power and consistency in reading, so keep reading. We will definitely be more creative in whatever area of life we choose to excel !!

Ms. Monika Matra
(Class-5 Class Teacher)

Parents' CORNER

Thank you so much for the hard work that you have taken for our kids, the way you engaged and encouraged our kids in different activities and competitions. You have created interest and confidence in our kids by your teaching of subjects like English and Marathi specially. Many activities were held during the session. Though our kid did not win in some competitions, yet she enjoyed it very much. You teachers are a real treasure. Thank you so much teachers for your hard work that you have taken for our kids. Our kids are in the right and safe hands.

With warm regards,
Mrs Tina Dhiraj Sharma
Mother of Saumya Sharma
Grade-2 Charlie

Technology had its roots paving their way in this 21st century world. But this didn't come as an option at first. In fact, it was the only way. Online classes were the only way students could've continued their education. Yes, students had their side of opinion, but as parents we did too. There were these obvious doubts in our minds about online education, of children using screens for long, of how effective it truly would be and how they would make it work. But now, that almost a year has passed, seeing how this actually went, the opinions had a shift. Since, school was brought to homes, we parents could know the atmosphere of classes at Noel, not the exact one but enough for us to know. We saw the way the teachers interacted with students, we saw how they taught. We were able to take a closer look at the way or pattern of teaching followed at Noel. The shy, introverts of class were more responsive now. We knew what efforts the teachers did make to complete the syllabus, along with the other extra-curricular activities. Not possibly all but yet many yearly activities were conducted online. As parents the most significant thing we can point out is that, we were able to connect with the teachers anytime, without having to wait for Saturdays. The parents were connected to Noel more than before.

Lastly we would say, all of this is running smooth but online classes are not permanent, just well enough temporary alternative till things return back to normal.

Mr. Mohan Bute & Mrs. Chhaya Bute
Parents of Sanskar Bute (Grade 7th Ambitious Aimers)

I am Shahnaz Parveen, mother of Shams Tabrej Khan Pathan of Class 2 - Zion. We are so happy that we chose a wonderful school for our children. The online classes are going very well and it is very helpful to our children during lockdown situation of Covid-19. The method of teaching is easily understandable by our children and teachers encourage students to participate in extra-curricular activities. A superb work in this lockdown, syllabus is well taught by all teachers. Hats off to Noel teachers ! We can see various schools and their online classes but our school is the best one and I feel proud to say it. We are able to see all teachers' dedication, hard work and excellent teaching as they explain everything very nicely and give clear explanation and many examples. My son's teachers understand children's mind-set and teach patiently. They keep the class interactive and ensure that every child is given opportunity to express their ideas. School management organised different types of activities like science exhibition, fancy dress competition, stories, speeches, songs, dances, etc. I thank Noel School for the same.

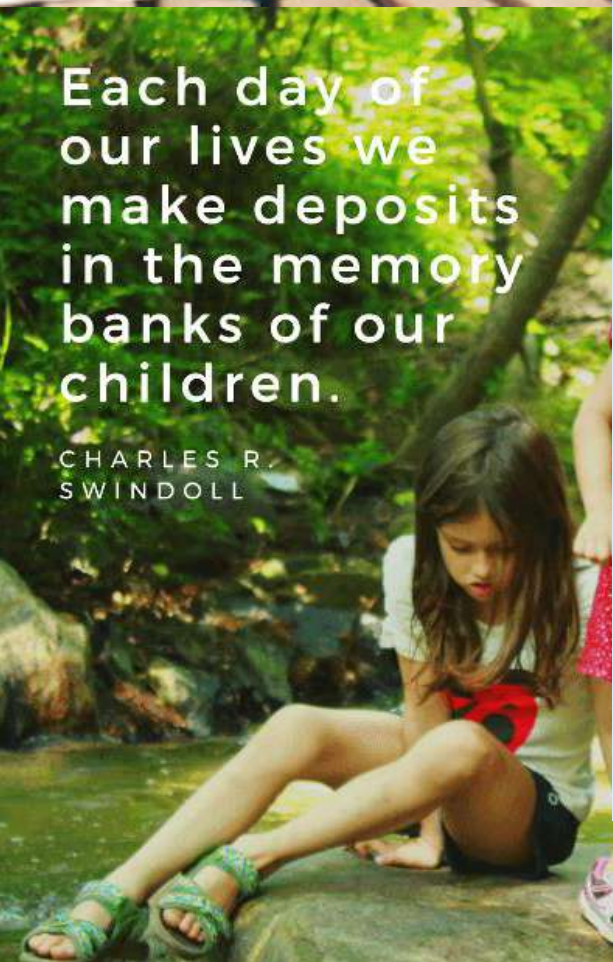

Parents' Corner

Everyone in the world is facing hardship from past one year due to pandemic. This has led to many serious obstacles in different fields. One such obstacle was faced in education field at the start. It was a big deal not only for students but also the teachers, as the concept of online classes was new to everyone. Unlike offline classes where students used to interact with teachers, this lacked in online classes. This time there was involvement of parents. Due to online classes parents got aware of how a teacher plays a very significant role in shaping their child. With time, online classes was no longer an issue, students got habitual to it and started interacting with teachers virtually. Teachers also created an environment which added up to the interest of students in online classes. Every parent must be thankful to teachers who taught the students and promoted them to next grade without any loss in the previous grade. Due to the online classes conducted by the school, students are learning with the same pace as in school. Online classes allowed our children to move on to the next grade without losing a year.

- Sushma Mahesh Nagpure
(Parent of Parth Nagpure, Student of Class 7)

Each day of
our lives we
make deposits
in the memory
banks of our
children.

CHARLES R.
SWINDOLL

Service to Man is Service to God

In this nature every living being comes with the interaction of living animals, birds and small insects. All these creatures take birth and one day they go to their destination, that is death, without any focus or any target.

But nature's beautiful creativity is man that is human being. Why are human beings great? Because they have a mind. They can think, generate ideas, feel emotions and if they decide they can achieve the highest stage of mind.

They can generate and spread happiness everywhere. No matter what age, gender and condition. Those who understand this ultimate truth of life that Service to Man is Service to God get the true aim of their life.

From this article I just only want to say that identify your aim and move on..

Missing School Days

*I miss school,
Didn't think I would,
But now I think it's cool,
I miss my friends,
Can't wait to see them,
When lockdown ends
I will do my
Best and concentrate,
When I do my test
When my test is done
I will feel delight,
And go out to have some fun.
I thought lessons were boring
But it's better than
Being at home bored and
snoring,
Being at home makes me sad
It made me realize
Schools are not that bad
I miss my school!*

-Radhika Bakane (Student of
Class 7 Ambitious Aimers)

Pre-Pandemic Life

A creature so small even invisible to bare eyes had the ability to stop the world and to make me come up with a topic like this. Never once had we thought the daily, tiny, not so significant things we used to do, would become so significant now. Like who thought you would miss getting tired walking up the stairs with a heavy bag to the class. Who thought you would miss screaming your friend's name across the classroom asking him for nothing but an eraser! Pre-pandemic life was just this. It started with the morning rush and getting scolded for waking up late by parents. Running towards the semi-polished shoes and somehow wearing the 'about to tear socks', hurriedly grabbing the bag which usually had one missing book from the day's schedule, half-done homework, ending up with a remark in the diary and sitting and watching over in friend's book, writing a remark, again the same diary, the same page, same date and of course, a remark of incomplete work. Somehow or the other, making it to the lunch break and gradually to the end of the class. All in all, freely wandering around with no care in the world. And yes how do I forget this, hands, they were not washed every now and then but still were clean enough to give my friends a hi-five, unlike right now. We miss this, we miss all of this.

All this routine is now confined behind the monitor screens. I get that the current situation has made us value little things in life even more, but it's only fair if I get to live them back the same again for me to value them more. Hence, to conclude, let's hope this gets back to normal and hope we get back to our 'pre-pandemic life'.

-Sanskar M. Bute
(Student of Class 7 Ambitious Aimers)

Digital Era of 2021

Every year, every day brings us a new hope. With the same hope we welcomed this year. In this year we got to use a lot of technology. Due to the Covid-19 virus everyone from grandparents to small kids started the wide use of technology. Grandparents and parents who even didn't know the alphabets of technology now mastered that. Every work including teaching, studying and office work were done on laptops and mobiles. Women and men ordered everything online. I guess in the later stages, future technology including laptops and mobiles would be like oxygen for everyone. None would live without it. I guess we should start understanding future and try to walk with technology.

-Prutha Sawarkar (Student of CBSE Class 7 – Ambitious Aimers)

'Nature'

What is the first thing that comes to your mind when you hear the word nature? Maybe greenery would come after you hear it. But it is not only about the greenery and green plants, it is also about the resources that God has provided us and is providing now also. But we do not care about the resources. Instead of caring we harm them and in turn create problems for ourselves. We blame nature for our mistakes. Whatever harm we cause to the nature is harm to ourselves. So think hundred times before cutting down a tree, whatever we do to nature, we are harming ourselves in return.

-Rasika Kukade
(Student of Class 7)

Students' Corner

A Little Bit Left...

There is still a little bit left
To stay in the mother's hood.
There is little bit left to
Love in the shadow of father.
There is still a little bit left
To play with the sister.
There is still a little bit left
Laughing with grandparents.
There is still a little bit left
To be fearless oneself.
There is still a little bit left
A lot of rewards.
There is still a little bit left
Achieving success.
And there is still a little bit left
To blossom.

-Anshul V. Solanke (Student of Class 5 – Happy Hoppers)

School

School is a temple
where students get the will
to become perfect from dull,
Teachers are saintly people
who treat every child equal,
Principal Sir is our head
who keeps all of us in his shade,

Most important are our friends with
whom our life starts and ends,
I am very thankful for studying in
My School!

**- Harshit Balasaheb Gawai
(Student of Class 5 – Happy Hoppers)**

THE MARVELLOUS WORD !

The word 'Mother' is marvelously decorated, because she is the most devoted. The most beautiful lady in the world is mother because she has the beauty of a lover. Mother is the most superior if she scolds we cry then and there. She seems to be the richest person, rest of the world seems on the lowest position. She's the best care taker and we are nothing without her. Mother renounces everything for her child, and she's the mildest in the world. So, friends we should respect every mother because every mother matters. Mother, God decorated the word mother marvelously. because she loves everyone whole heartedly. God could not be everywhere And that's why He created mother!

-Samruddhi Chopade (Student of Class 7 Ambitious Aimers)

On Being Myself

Holding me back
Want to work anyway.
I'm like the Sun
Whose gonna shine someday.

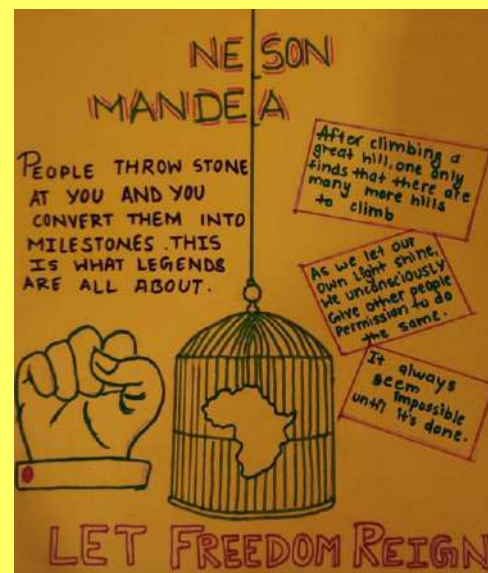

I'm gonna fly
My dreams are awake.
The fire in me will
Make everything a piece of cake.

A stopping hand today
Will clap for me tomorrow.
A little support and trust
Is just what I borrow.

My limitless passion
Will keep my dreams alive.
The world will see
My success being contrived.

I'll work hard and
Create my own destiny.
People will mark my words
Whom they today find funny...

-Poonam Ghuge (Student of Class 9)

Students' Corner

Enchanted Mornings

Amidst the loud silence I open my eyes
I'm gifted one more day in my life
Being blessed, to my surprise
Enchanted is me and my soul
Gazing high up in the sky
Is not the Sun but my goal
The mild breeze is solely in my possession
The way it kisses my cheeks
Is the real infatuation
All alone, departed from each meddling
Nature boasts and loves me
Can't stop being obsessed by its cuddling.

-Purvi Anil Kelkar (Student of Class 10)

Life inside a book

World full of emotions,
Happiness, sadness and imagination
With so many creations
And no restrictions.
Seems like Life inside a book is alive....
A world where you can meet God
Forgot all worries
And read diary entries
Where nothing is even or odd
Seems like Life inside a book is alive
Where you don't need internet
Wi-Fi or hotspot
Just a book with stories and fairies a lot
With no unpleasant thought
Seems like Life inside a book is alive.....

- Sharwari Sawale
(Student of Class 7)

ON BEING A TEENAGER

Being a teenager is tough
and the life is rough
The world looks all unfair
all you have to do is try to bear
Mind becomes crazy
everything turns tricky
The old fake bonds with friends break
and soon loneliness accompany with a misery state.
People leave too soon!
The innocent spirit need to realize this with a cracker's boom!
The soul then tries to get out of the fairy-witchy world
and builds itself so pretty tough that it won't get again sold
Soon the bleeding heart heals,
by forgetting every one of pain tied in a big long chain,
the every lie which made the head fry,
the every bit of love which made the mind drive
At last the life is free
which it starts enjoying with a cup of tea!!

-Aayushi Kalambe (Student of Class 9)

Students' Corner

AN IDEAL STUDENT'S LIFE

Who is a student? A person who acquires knowledge and boost up his intellectual capabilities is a student. A student's life is certainly the most crucial phase in a person's life. Most noteworthy, it is the period of innovative learning in a person's life. Therefore, one must show utmost dedication and seriousness as a student. This dedication and seriousness is only possible if one becomes an ideal student.

Being an ideal student means; a student must have all the qualities of self – respect, discipline, truthfulness and honesty. An ideal student is consistent in his studies. He respects the value of time. Ideal students avoid seeing others' negative points and faults. However, they consider their own negative points and try to overcome them. An ideal student is not necessarily someone who is perfect and gets full marks in every test or wins medals in every sports activity he participates in. He is the one who is disciplined and has a vision in life. He has set a high goal in life and he is determined towards achieving it. **'Simple living and high thinking.'** is the motto of his life. He observes the real life and faces every challenge that come his way . An ideal student is ideal in his work and thoughts.

Being an ideal student is an extremely important requirement for everyone. If one becomes an ideal student, then nothing can stop him from achieving success in life. Ideal students will certainly achieve their desired goals and lead a successful life in future.

-Bhargav Dabhade (Student of Class 10)

Race

The world has been no more lucid,
So, to apprehend it I need a place
that's placid,

These hours of darkness had
provided solace to me,
Since that was a place that laid me
free.

Then I grasped the world around
had got self-centered,
The possession towards victory has
made this rendered!

In the current rains & summers, no
one is as close as the bark of the
tree!

Here, I opted for a place that laid me
free.

The world has got cutthroat,
Humans provided this with a feeling
of gloat.

After my bleat, I have learned the
world is a fake sea,
Where I opted for a state which laid
me free.

**- Janhavi Choudhari
(Student of Class 10)**

SCHOOL DAYS

On the first day of my school, I was angry with my parents and felt so sad.
But, now I miss that magnificent fun and knowledge dreamland.
The excitement of new session, books, stationaries and dress
With full on enjoyment in teacher's absence making classroom a true mess.
I believe no cuisine or dish can be ever better than school lunch time
Where stealing someone's tiffin with Maggie was no less than a crime.
The intolerable Maths period which no wonder had always made me sleep
With amazingly satisfactory exam grade that left me with tears to weep.
Being one of the best speakers of the school
I just loved to be called "She is so cool."
Only English and extra-curricular activities would take you nowhere
My teachers used to shout at me because they had a feeling of care.
Can't forget those early wake ups and rushing to school
And coming back home freed from restrictions and rule.
I miss those great competitions, awards and gossips
Those made me witness few everlasting fresh friendships.
I miss my favourite teachers who always praised me
And remember the ones from whom finally I am free.
There is so much to talk about my unforgettable School days
Where, everyday had something new and knowledgeable coming my way.
I totally agree that school is like a temple
And its everlasting memories are like leaves of Maple.

School Management extends 20% Concession in the Annual School Fees due to Covid-19 Lockdown

Due to Covid-19 Lockdown and the hardships faced by a large number of parents due to financial crisis arising thereof, the School Management extended 20% Concession in the Annual School Fees for the Session 2020-2021. The parents welcomed this compassionate move and they were greatly eased financially due to the concession offered by the school. The School Management ensured to make education available for all the students throughout the session amidst uncertainties. All students' exams were also conducted without any restrictions in the complete session. The school's app and online classes were conducted uninterruptedly right from 1st of June, 2020 for Class 1 to 7 and 15th May, 2020 for Class 8 to 10. Due to the efforts and planning of the Management there was a turn up of more than 95% students in almost all the classes. The online classes were smoothly held by our well trained staff who quickly adapted to the latest technology which came in very useful for all the stakeholders. We thank all our stakeholders for their understanding and co-operation in this time of crisis.

CBSE BOARD CLASS X EXAM RESULT 2021- SIXTH BATCH

We are happy to share the result of the Sixth Batch of CBSE Class 10 of Noel School, Akola with you. We have secured 100% result this year.

The statistics are as follows :

Students scoring Above 90% :	30 Students (35.29%)
Total Students in the Batch :	85 Students

The Toppers of our School are :

RANK	STUDENT'S NAME	PERCENTAGE
1st	ATHARV JAICHAND JADHAO	99.00
1st	PARAG MAHADEO CHIMANKAR	99.00
2nd	ANSHUJA GAJANAN KALASKAR	98.80
2nd	BHARGAV SURENDRA DABHADE	98.80
3rd	VINAY GAJANAN KATHOLE	98.40
4th	MOHIT JAGDISH KATHALE	98.20
4th	SAMRUDDHI MANOHAR BAND	96.20
5th	SAMRUDDHI MANOHAR KAWARE	95.80

The highest score in English is 100 Marks secured by 6 Students.

The highest score in Hindi is 100 Marks secured by 2 Students.

The highest score in Maths is 100 Marks secured by 5 Students.

The highest score in Science is 97 Marks secured by 1 Student.

The highest score in Social Studies is 100 Marks secured by 10 Students.

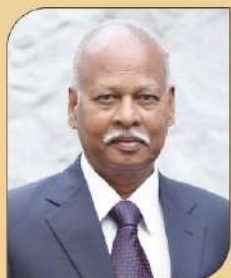

Atharv Jadhao, Parag Chimankar, Anshuja Kalaskar, Bhargav Dabhadre, Vinay Kathole, Mohit Kathale and Samruddhi Kaware have secured A1 Positional Grade in all the subjects.

In order to achieve this success, our Principal – Mr. Anosh Manwar, our Teachers – Mrs. Rupali Kukade, Mrs. Sunita Raut, Mr. Rakesh Thapa, Mr. Kuldeep Deshmukh and Ms. Akanksha Sardar worked hard.

Late Rev. Vijay Lawrence Manwar
8th April, 1949 - 17th March, 2014
Founder Principal
Noel School, Akola

School's Founder

Lives of Great Men all remind us,
We can make our lives sublime,
And departing, leave behind us,
Footprints on the Sands of Time.
- H.W. Longfellow

Rev. Father Vijay Lawrence Manwar, the pioneer of English Speaking Classes viz. NIPPLE CLASSES in Akola and the Founder Principal of Noel School, Akola was a humanitarian par excellence, a perfect paragon of patience and hard work and a personification of enthusiasm and selfless service. Being a priest by profession, he came to Akola in 1976 after being transferred from Nagpur as a Priest-in-charge of the All Saints' Church, CNI, Akola situated in front of Janata Bazar. It was in this Church

compound that he conceptualized and realized NIPPLE CLASSES that catered to the dire need of thousands of students and professionals for English Speaking with great perseverance and hard work. On the earnest recommendations of the massive student fraternity of the class took birth another institution, NOEL SCHOOL in 1992 with the admission of just three pupils. However nothing could deter the spirit of Sir and in March 2005 this batch of 26 students completed Matriculation making Sir's Dream come true. He was an egalitarian thinker and a strict disciplinarian living by the axiom 'Simple Living and High Thinking' nurturing the school's motto-'Arise and Shine in Service to Mankind'. He was seen welcoming every student right at the Gate with his cheerful and warm handshake to help students begin their day cheerfully. He was a teacher who not only dreamed but also taught his students to dream and realize their dreams by overcoming every obstacle with courage and great fortitude without losing enthusiasm. He widened the horizons of his students as well as teachers with his inspiring oratory skills. He won the hearts of millions of parents because of his humble nature. He made many reforms in the school's education policy. He also catered to the urgent need of Basic Grammar of English and himself conducted Workshops for Noel Staff and students for enhancing their communication skills and personality development. This rare legendary Educationist and Philanthropist has greatly contributed not only to the field of Education but to the whole community at large. His sad demise is a great loss to Noel. Rev Vijay Manwar Sir will be fondly remembered by every Noel Student. Hats off to this visionary Pedagogue!!

- Mrs. Arpana S. Dongre
Principal, RVLMM Noel Jr. College, Akola

Radio Orange Inspire Award 2021 to Mrs. Surekha Manwar Madam

The Radio Orange Inspire Award 2021 for Women Breaking Barriers was awarded to Mrs. Surekha Vijay Manwar Madam, the Co-Founder of Noel School, Akola on 2nd January, 2021 at Hotel Raddison Blu, Nagpur at the hands of the Bollywood Celebrity, Mandira Bedi. This award was given in recognition of Surekha Manwar Madam's contribution and excellence in academics for the past 30 years. A proud moment for all Noelites !!
