

Date : **29<sup>th</sup> March, 2025**

Dear Parents,  
Another great academic year comes to an end today with the declaration of Result of the Yearly Exam for the Session 2024-2025. The result handed over to you today indicates grades in every subject based on CCE Evaluation for Class 1 and 2 along with Holistic Progress Card for Class 1 and 2 and CBSE Re-modelled Assessment for Class 3 to 9. Please assess your child on that basis and take care where needed for better performance of your child in the next year especially considering any learning gaps that occurred in this session. This evaluation consists of marks scored by students in all the activities, projects, school programmes and written assessments in the whole year. Parents need to pay special attention towards the writing skills as the CBSE Board has gradual increase in the syllabus for final exam class wise eventually having 100% syllabus for Class 9 and Class 10. We also look forward to implement the changes as and when CBSE provides the guidelines as per NEP 2020.

Many children have excelled in all the fields, thus a commendable feat of our little stars. And more stars be born out of sheer hardwork and perseverance by self enlightenment and also with the help of good parental support and monitoring measures. It is a dire need of time to see that every child excels in studies and learns lessons for life. Teachers, off course, have a lion's share in achieving that, but parents' support will work wonders in the child's life. Students and Parents need to focus on the learning gaps and engage students in remedial activities during the vacation period. Focused efforts on child will definitely bear fruitful results. The school will be emphasizing on abstaining from usage of smart devices and accordingly design and restructure some systems. Parents are also urged to keep their children away from the mobile phone and unnecessary exposure to internet content.

**School Diary & Meeting Teachers :** The Noel School 'Diary' is an effective means of communicating with parents on daily-weekly basis. If parents fail to see the Diary / Notebooks / Workbooks, especially the teacher's remarks, they would fail to monitor the child's progress. Similarly, teachers call the parents to visit school (at least three to four times in a session) by issuing 'VISIT PASS' to students. If parents see the Diary / Notebooks / Workbooks and meet the teachers regularly and give their feedback through proper interaction, we can together focus our attention on the areas of concern to help the child achieve higher academic excellence. However, all this has to be done keeping in mind the time schedule of school so that it does not affect our teaching process.

**Transfer Certificate (T.C.):** T.C. will be issued after 3 days (minimum) from receiving the application duly approved by the Principal. It is also subject to clearance of all fees, dues and fines and receipt of Library books. Please mention your child's full name, Class and Section and your Mobile number on the application. If parent applies for T.C. in the month of April or later, the fees up to that month will be charged.
